  - **Recommended Antenna Set: TVA 6500**
- \* Optional Adaptor Cable CA 1220 required for direct connection to Navigation System; CA 1220 is not compatible with Monitors MM 2100 and MM 2700

### Application

TV 5200 guarantees high reception performance of analogue TV programs in combination with various connection possibilities for other Multimedia Components.

### Reception Performance

The quality-tuner module in combination with a 4-times Antenna Diversity provides great mobile TV entertainment.

### Various Input Connection Possibilities

2 additional AV sources can be connected to the TV 5200. By plugging i.e. a DVD Player (DV 6200) and a Game Console to the standard RCA/Cinch-Connectors, TV 5200 becomes the center of your Entertainment System.

### 2 Monitors addressable

The TV program as well as the further connected AV sources are provided on 2 Monitor Outputs in parallel – a perfect feature for your Rearseat Entertainment System.

### Small dimensions

Its compact and flat design allows the installation as „hide-away-unit“ in many places of your car.

### Plug & Play module

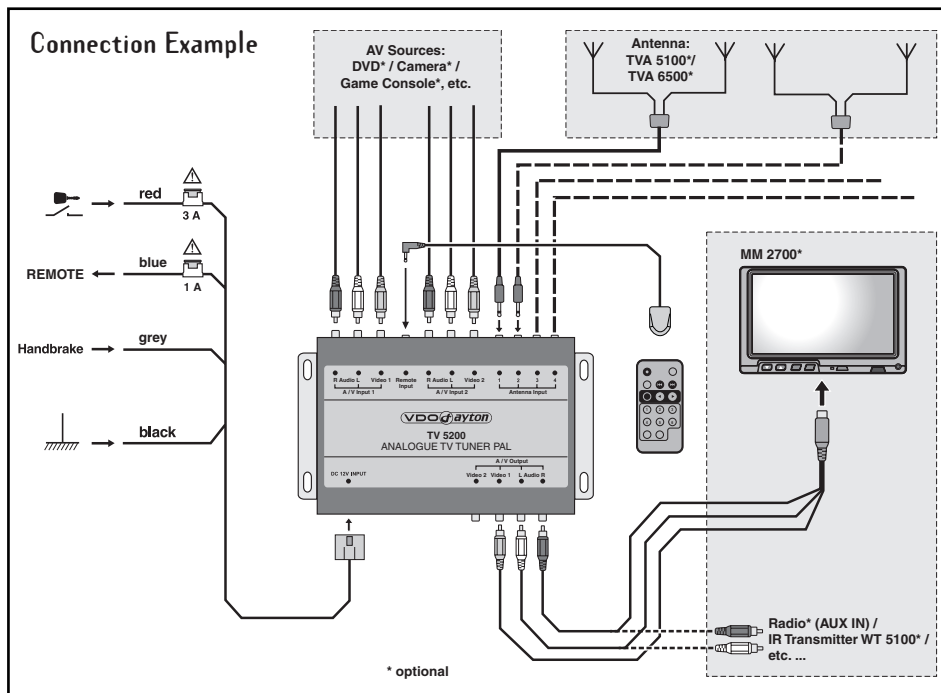

TV 5200 is an independent module and can be used „stand-alone“ (e.g. with the 7“ Entertainment Monitor MM 2700) as well as in combination with Navigation Systems.

### OSD Language

English

# Analogue TV Tuner (PAL) TV 5200

## Technical Information

### Technical Data

- Dimensions (W x H x D): 170 x 30 x 130 mm
- Weight: 600g
- Operating Voltage: 12 V DC
- Power Consumption: < 7 mA (Standby)  
< 3 A (Operation)
- Operating temperature range: -20 °C ~ +75 °C
- Storage temperature range: -30 °C ~ +85 °C
- TV Standards: B, G, D, K, I
- Frequency Range: VHF / UHF
- Antenna RF Input Impedance: 75 Ohms
- Antenna Connector: 3.5mm mini-jack
- Audio- and Video-Connector type: RCA/Cinch

### Package content

- TV Tuner hide-away box
- Power Cable
- Infrared Remote Control
- Infrared Receiver (cable length 5m)
- Mounting brackets and -screws
- Instruction for Use
